

AIR EDUCATION AND TRAINING COMMAND

Mission

Develop America's Airmen today ... for tomorrow. With a vision to deliver unrivaled air and space education and training, AETC recruits professional Airmen and provides basic military training, initial and advanced technical training, flying training, medical training and professional military and degree-granting professional education. AETC also conducts joint, readiness and Air Force security assistance training.

Responsibilities

Sustains the combat capability of the operational Air Force with highly trained and motivated Airmen. Recall

CIVIL AIR PATROL

Mission

Established in 1941, the Civil Air Patrol provides vital operational capabilities in support of aerial and ground search and rescue, disaster relief, communications support, counterdrug and homeland security missions.

Responsibilities

Conducts 95 percent of all inland search and rescue missions as tasked by the Air Force Rescue Coordination Center at Langley AFB, Va. Builds strong citizens for the future by providing leadership training, technical education, scholarships and career education to young men and women, ages 12 to 21, in the CAP Cadet Program. Promotes and supports

aerospace education, both for its members and the general public. Supports the Air Force with the world's largest fleet (550) of single-engine, piston aircraft, operates the most extensive national communications network and maintains a fleet of more than 1,000 emergency services vehicles.

People:

Total volunteers	59,750
Cadets (ages 12-21)	27,000

Organization:

There are 52 wings in CAP, one for each state, the District of Columbia and Puerto Rico, with more

than 1,700 units across the United States. A wing is composed of its headquarters and units in its geographical boundaries. The squadron is the community-level organization of CAP. There are three types of squadrons: senior squadron (composed of senior members); cadet squadron (composed primarily of cadets with a minimum of three senior members); and composite squadron (composed of senior members and cadets, and conducts senior member and cadet program activities). There is also a unit known as a flight, which is the smallest CAP membership. Typically a flight is organized in sparsely populated areas where there are insufficient numbers of individuals to make up a squadron.
